

You are encouraged to bring your 7th-12th grade students to the KNCSB Youth Worship Arts Camp. We are offering a variety of breakout tracks for participants in an effort to reach students with a variety of interests. These tracks are also designed to help strengthen existing ministries or give you and your students ideas on how to begin these ministries in your own church.

Bass Guitar..... *Leader: John Post, Wichita, KS*

The bass guitar track will encourage students to improve bass playing techniques and to understand how to blend with the rest of the band. Offering a separate bass track will encourage more focused instruction for students. Participants in this track will need to bring their own bass and amp.

Choir..... *Leader: Jason Ramsey, Valley Center, KS*

It is exciting for a large group of students from different churches to sing together as one group. This track is for students who love to sing in a choir setting. The collection of contemporary songs used in this track will be yours to take home and use in your own church.

Drama..... *Leader: Pat Smolen, Bellevue, NE*

This track will provide a deeper understanding of how to use dramatic arts to communicate Jesus' message. You will experience illustrating and interpreting service themes in a variety of ways, especially through the use of Scripture.

Guitar 101*Leader: Zack Walker, Topeka, KS*

Guitar 101 is a beginning guitar track for students who have been playing acoustic or electric guitar for only a short time. This track will help students learn basic chords and playing techniques that will assist them in gaining confidence to accompany worship in the future. Electric guitar players will need to bring an amp.

Intermediate Rhythm and Lead Guitar.....

Leader: Christopher Smolen, Bellevue, NE

This guitar track is for students who have been playing rhythm and lead guitar for a while and want to move to the next level of worship leading. Using Praise and Worship song selections, students will expand their playing technique. Players will need to bring their guitar.

Keyboard..... *Leader: Renita Conny, Topeka, KS*

Students will learn playing skills that will be appropriate for a variety of musical styles. Techniques for reading chord charts, as well as traditional piano scores, will be discussed, demonstrated, and practiced. Participants in this track will need to bring a keyboard.

Photography*Leader: Stephen Smith, Topeka, KS*
Students will learn how to creatively capture images and discover how this process can be an act of worship. It would be helpful, but not mandatory, for students who participate in this track to bring a camera with them (a digital camera is preferable).

Praise Band*Leader: Jeremy Yarberry, Garden City, KS*
This track is for students to learn how to use band, orchestra, keyboard, and percussion instruments in worship leadership. Praise Band participants will need to bring their own instruments (including keyboard and drums). The focus will be on blending various instruments using Praise and Worship songs for the purpose of playing as a unified group.

Rhythmic Movement ..*Leader: Brenda Lee, North Platte, NE*
Singing or instrumental playing is not required for this track. Students will learn to lead worship through the use of rhythm sticks and rhythmic movement.

Signing Music..... *Leader: Valerie Richardson, Columbus, KS*
Students will learn how to sign songs by exploring the meaning in the music and choosing signs that are conceptually accurate, while expressing the rhythm of the music. Worship signing is more than picking up a book and learning signs.

Song Writing *Leader: Christopher Smolen, Bellevue, NE*
This track is a new addition to the Youth Worship Arts Camp and will be offered only one time at 10:00 p.m. on Friday night. This time slot will allow all interested students to learn the basics of writing songs and will also give them an opportunity to share songs they have already written.

Technical *Leader: Tim Hammond, Lenexa, KS*
Learn the basics of Easy Worship, Pro Presenter, Planning Center, and other downloadable worship resources and how those resources can be implemented as a part of the worship ministry of your church.

Worship Team .. *Leader: Charles Hollingsworth, Haysville, KS*
Students will learn the importance of not just singing words, but living them as well. Using Praise and Worship songs, students will learn how to blend with other singers and how to lead without distracting from the message.

NOTE: • All instrumentalists need to bring instruments, including keyboardists.

Sponsor Information Form: A sponsor information form must be filled out by each sponsor and returned with the registration form.

Dress is casual.

All instrumentalists need to bring instruments, including keyboardists.

WHAT IF?

What if I want to attend more than one conference track?

You can! There are several tracks offered during the course of the weekend. You can select one track to attend all four times, attend four different tracks, or any combination thereof.

What if I don't know which track to attend?

Participate in the track(s) that will best help you grow in worship leadership. You may choose to attend a track that will enhance your understanding of a ministry your church is already involved in, or you may attend a track to find out how to begin one of these ministries in your church.

What if I play an instrument but haven't been playing long enough to feel comfortable playing in the Praise Band?

You can attend the Praise Band track and observe the rehearsals to help you learn techniques that will assist you when practicing at home on your own. You can also sit beside someone who plays the same instrument and follow along in the music. You are encouraged to bring your instrument just in case you feel more comfortable once you have observed what's going on.
